

## A LITERARY EVENT

## Sex and Psychopaths

### Kirsty Eagar and Justine Larbalestier in conversation

Kirsty Eagar and Justine Larbalestier are authors who pull no punches when it comes to their Young Adult fiction, choosing to examine facets of the world we live in rather than the one we'd like. Their new books **Summer Skin** and **My Sister Rosa** are no exception; setting a Girl meets Boy love story within the hook-up culture of campus life, and exploring the impossible vigilance forced on a seventeen-year-old who has correctly identified his sister as a psychopath. Join them as they discuss their writing in the context of their readership, and whether or not there is any such thing as 'appropriate' subject matter.
